

University North

Welcomes you!

VŽKK

University North is the youngest University in Croatia, founded in January 2014. Situated in the north-western region of Croatia, a developed economic region with good economic, cultural and road connections to neighbouring countries – Hungary, Slovenia and Austria, the University was created as a response to the needs of the most densely populated region in Croatia.

With almost 3000 students and more than 300 teaching staff distributed in two university centres, study programmes developed according to the needs of the job market, University North is a modern higher education institution with a look towards the future.

MMI

Our students can choose between 9 undergraduate programs, Electrical Engineering, Multimedia, Application and Development, Mechanical Engineering, Technical and Economic Logistics, Civil Engineering, Nursing, Journalism, Media Design and Business and Marketing in Media. There are also 4 graduate programs, Communicology and Public Relations, Business Economics, Journalism, Media Design, Sustainable Mobility and Logistics and Packaging.

Our goal is to be the leading higher education institution in the north-western region in the field of technical, medical, economical, biomedical and biotechnical sciences. We are proud that our students, who finish our modern, hands-on academic degree programs, have outstanding career prospects.
